

HIGHLIGHTS

No. of COVID-19 Cases
As of 16th July 2020

Singapore 40,315
Confirmed cases

WESTLITE Juniper 42
Confirmed cases
(3,542 swab tests taken)

Overview

To our loyal readers we send our warmest regards and greetings. To those reading for the first time, it's fair to say the last 10 weeks of running this newsletter, we have covered some ground. From features on Westlite's advanced security technology, to the various teams, and their efforts on the ground, to the kind hearted donors that have contributed gifts and food to our residents. We've kept track of all the activities, contests and entertainment provided for our residents during the course of lockdown. And, for the last two weeks we've been focusing on getting back to work; what's required of each stakeholder; what are the measures being put in place, and this week we will re-cap the advice sent to each and every employer on what's happened this last week with Swab testing and how this might translate into getting our residents back to work again as soon as possible. We thank you all for your patience and understanding whilst we deal with the latest setbacks. Rest assured we are doing everything we can to rectify the working situation for our residents.

Letter from Westlite

Earlier in the week, we sent out a letter to all employers to update on swab testing, and a potential date to return workers to work.

Key Updates

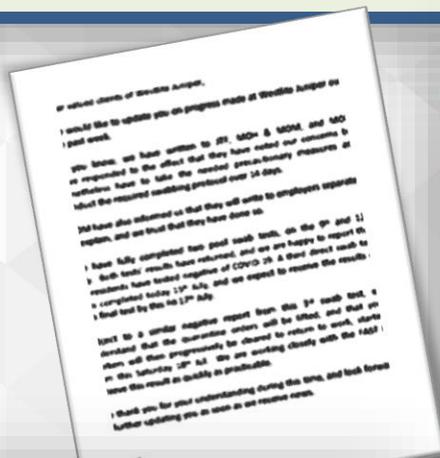

We have fully completed two pool swab tests, on the 9th and 12th July. Both tests' results have returned, and we are happy to report that all residents have tested negative of COVID-19. A third direct swab test was completed 15th July, and we expect to receive the results of this final test by this Fri 17th July.

Subject to a similar negative report from this 3rd swab test, we understand that the quarantine orders will be lifted, and that your workers will then progressively be cleared to return to work, starting from this Saturday 18th Jul. We are working closely with the FAST to achieve this result as quickly as practicable.

We thank you for your understanding during this time, and look forward to further updating you as soon as we receive news.

Letter from MOM

We trust MOM has sent a letter directly to all employers explaining the strict quarantine orders.
