Overview

Weekly Message

Greetings again to our faithful readership. This week has been as hectic a week than any since lock-down was imposed. In a positive way, finally the focus was “All hands on deck” as they say, in helping all healthy residents back to resuming work. After your briefing on Monday you are all aware that Block A has now been designated a cleared block for recovered workers and will also house serology test positive workers and we are preparing them for resuming work by end of July.

Block B now houses workers who have tested negative for COVID-19 through swab tests or serology tests. This block will be under quarantine and residents are strictly required to stay in their rooms and cannot mingle with workers from other rooms. There will be strict security checks and records kept to ensure that residents adhere to the movement restrictions and non-mingling between units. During this period, residents in will continue to undergo swab tests. Any workers tested positive during this period will be conveyed out for recovery in external quarantine facility. Those tested negative will be place in clean block, W and will be allowed to return to work in early August 2020. Hence, please help reinforce to your workers, that they must strictly comply with the requirements and movement restrictions, if they wish to return to work.

We thank you all for your patience and support over the last few months. Please see our “Help us Help You” section across the page to see how you can help us in getting your workers back to work as soon as possible.

(2,460 serology tests taken)

Help us Help You!

Employers can help by:

1. Ensuring your workers' addresses are updated in the Online Foreign Worker Address Service (OFWAS), including details such as floor and unit number. The addresses should tally with our dormitory management system, which is updated quickly when workers are moved to meet segregation or cohorting requirements. You can find the current correct address of your workers simply, by logging in to the Westlite Employer Portal (“Westlite Portal”).
2. Securing approval from the relevant authority (such as MTI, BCA or EDB) for your company and workers to resume work.
3. Updating in the Westlite Portal the work approval status of your workers as well as arrangements for your dedicated transport and allocated pick-up and drop-off sites and times.
4. Helping to reinforce to your workers that they must strictly comply with quarantine and movement restrictions. No leaving the room for any reason, as this will jeopardise their returning to work.

Catering Situation

Food catering provided by MOM for block A will cease 7 days after the block is cleared for work. Employers will need to make arrangements for meals which we can assist with. Block B residents will have food and essentials delivered daily, and all activities must be done online.

WESTLITE WOODLANDS

IN FOCUS

BINGO CHALLENGE WITH MYMA: WINNERS UNVEILED!!!

As mentioned in our last week's newsletter, here are the winners of our BINGO CHALLENGE! All of them walk away with attractive prizes ranging from Huawei smartphone, to power banks, to NTUC vouchers! Check out their happy faces here!

This Week's Daily Activities

Our Daily Activities Team continues to serve up loads of exciting daily puzzles and quizzes for our residents amidst their stay with us. Being mindful of the variety of skills sets of the mass audience, the team make it a point to vary the levels of difficulty and game types to ensure every resident gets to play them. Check out what our residents had for this week!

Had enough of crossword puzzles? TRY THIS CROSS-NUMBER PUZZLE.

It's amazing how cats can hide themselves. Hurry find the curious cat within this chunk!

Some good old mazes for your to blast your way through!!
