#### Overview

##### *Weekly Message*

As National Day approaches we are starting to see the light at the end of the tunnel. It's a timely celebration of the unity and harmony that makes Singapore an amazing place to be. In the last few months we have celebrated the workers and their contribution to the country, the staff, volunteers and government workers that have worked tirelessly. We've celebrated multiple religious holidays and we've embraced the challenges that came before us. When you put everything into perspective, we've all just lived out the best part of what it means to live in Singapore and for that we should be proud of ourselves and proud of each other. From the Westlite team, we want to sincerely thank you for your support, patience and understanding during the challenging moments. Currently all dorms are being progressively cleared through to mid-August and by 7<sup>th</sup> August, all dorms should have been cleared, barring Woodlands Block B and Toh Guan Block 28 which, may take a bit longer. As there is significant movement of residents happening in various locations we continue to seek your support encouraging your workers to abide by all guidelines put in place to ensure their safety and that of the community as they head back to work.

#### Help us Help You!

##### *Employers can help by:*

1. Ensuring your workers details are all updated in the employer portal. If you're having trouble with the portal or issues with workers' status in SGWorkPass, please contact [enroll.mandai@westlite.com.sg](mailto:enroll.mandai@westlite.com.sg)
2. Encourage your workers to abide by the non-mingling policies and movement restrictions to ensure that all workers can resume work as soon as possible and when resuming work, they do not expose themselves or the community to risk of transmission. Below are some of the CCTV examples of how workers are disregarding the rules. Please help us remind them.

#### **Security & Surveillance**

Our security team have been hard at work using the command center to monitor movement in the dorms. We are still picking up loiterers without masks and groups mingling between rooms. We need your help in reminding your workers of the strict non-mingling policies and non-mingling between rooms regulations. **Help us Help You!** Across are some examples of mingling, loitering and not wearing masks.
